Sponsors of GHWP Annual
Conferences

Our Message

APACMed appreciates the efforts made by GHWP's to promote regulatory convergence and harmonization of medical device regulations.

Covid has emphasized the criticality of innovation to society and the need to collaborate more closely to improve regulatory efficiencies, build capabilities and speed up access to medical devices.

Closer partnership and alignment between IMDRF and GHWP will accelerate the regulatory convergence that will improve patient access to medical technologies worldwide.

The voice of MedTech

THANK YOU
