Title: Amendment 6 to the Asian Harmonization Working Party (AHWP) & AHWP Technical Committee (AHWPTC) Terms of Reference (TOR)

Authoring Group: AHWP SECRETARIAT

Date: 20 November 2017
1. **Purpose**

This document proposes to make amendment to the Asian Harmonization Working Party (AHWP) & AHWP Technical Committee (AHWPTC) Terms of Reference (hereafter as “TOR”) as detailed in section 3 below under “Proposed Amendment to the AHWP TOR”.

2. **Background**

2.1. The current nomenclature “member economy” in AHWP Terms of Reference (TOR) was adopted by referencing to the Asia-Pacific Economic Cooperation (APEC), which is a regional economic forum established in 1989 to leverage the growing interdependence of the Asia-Pacific; with aim to create greater prosperity for the people of the region by promoting balanced, inclusive, sustainable, innovative and secure growth and by accelerating regional economic integration. [More info on APEC: apec.org].

2.2. China Food and Drug Administration (CFDA), has initiated the revision of AHWP TOR by revising the nomenclature “member economy” into “member country or region”, by referencing to the International Council for Harmonisation (ICH), which has better similarity with AHWP in terms of member composition and mission.

2.3. ICH, since its inception in 1990, brings together the regulatory authorities and pharmaceutical industry to discuss scientific and technical aspects of drug registration; with mission to achieve greater harmonisation worldwide to ensure that safe, effective, and high quality medicines are developed and registered in the most resource-efficient manner; through the development of ICH Guidelines via a process of scientific consensus with regulatory and industry experts working side-by-side. [More info of ICH: www.ich.org].

2.4. This amendment of TOR is mainly to revise “member economy” to “member country or region” by referencing to ICH, which has better similarity with AHWP in terms of member composition and mission, instead of APEC.

2.5. The Amendments will follow the below general principles:
- TOR can override the AHWP House Rules when there is any discrepancy;
- Under the same conditions, it is preferred to make the minimum amendments to the current TOP and House Rules possible.

2.6. The following roles and responsibilities will remain unchanged after nomenclature revision:
   a) Voting rights;
   b) Responsibilities;
   c) Participation;
   d) Name of member.
